

Flowering Almond Spa

The Flowering Almond Spa Testimonials

My best friend planned a spa day for 7 of our closest girlfriends and what a relaxing day it was! Alexandria organized the plans for the entire day for us even informing us of when we would be enjoying lunch and swimming. AND when we checked in, we were greeted with champagne, not sure whose idea that was but it started the day off with a wow! The staff seemed just as excited for us as we were to be there, very rare and much appreciated! Thank you all for a great Spa Day, Erin, Martí, Destiny, Lauren, Danielle, Maria, and Monika! I hope we did not forget anyone!

-Redsreach

Kaila,

I wanted to say THANK YOU for such a wonderful, fun, relaxing and much needed spa day on Wednesday. We are still talking about our visit especially Eugene J

We loved every one of your employees and they were so accommodating (especially YOU), sweet, professional and had such great customer service. We truly enjoyed our visit. Most of us will visit sooner than later our own for sure!

I just wanted to thank you for such a great experience think your team did a great job on great customer service!

Laurie G.

I visited the Flowering Almond as part of an overnight getaway at the Founders Inn. I arrived early and was given a locker, robe and slippers. I had access to the Solarium prior to my wonderful massage. After the massage, I was able to spend a few hours at the pool. It was a wonderful day and I plan to visit again.

-JYS from Virginia

There are not enough positive adjectives to describe my experience at the Flowering Almond Spa at the Founders Inn on 11/12/14. I have followed Pualani, Master Aesthetician from another location and now found her at the Flowering Almond Spa. Very happy and content I might add. I received a very warm welcome from Pennie and Margo who escorted me to the ladies' locker room. I then enjoyed the relaxing ambience in the solarium until Pualani greeted me for my facial. I originally had an appointment for 25 minutes but decided to extend to the 50-minute glycolic peel enhancement facial which I HIGHLY recommend. Every staff member I encountered was also warm and caring.

-Margaret in Virginia Beach

As a "graduate" of many fitness programs (including hospital physical rehab conditioning), I can honestly say the Pennie's individual fitness training is right up there. She did a very astute physical evaluation and then designed a customized cardio/balance and strength training program. I can already see results in physical tone, endurance and balance. Additionally, my wife attends Pennie's cardio and weight training classes and has seen similar excellent results. As someone who is "tight" with a buck, my willingness to pay for both of our training is a resounding endorsement indeed. Well done Ms. Watson!
